

JOB SHADOWING

Krakow -
Poland

Co-funded by
the European Union

I had the opportunity to visit Poland on 2/12/24 -6/12/24 and to meet colleagues from Krakow. It was an excellent experience. We had the opportunity to discuss with the headteacher and the colleagues from the school about the Educational System of Poland and the Carricula of the school. We discussed also about Educational and Management issues.

During my visit, I engaged in workshops and observed several subjects such as Maths, Polish, English, Biology, IT lessons and gymnastic.

Also , I had the opportunity to present Cyprus and my school to their students .

Overall, my visit to Krakow was a
valuable learning experience.
