CEIP TOME CANO

3 June to 7 June 2024

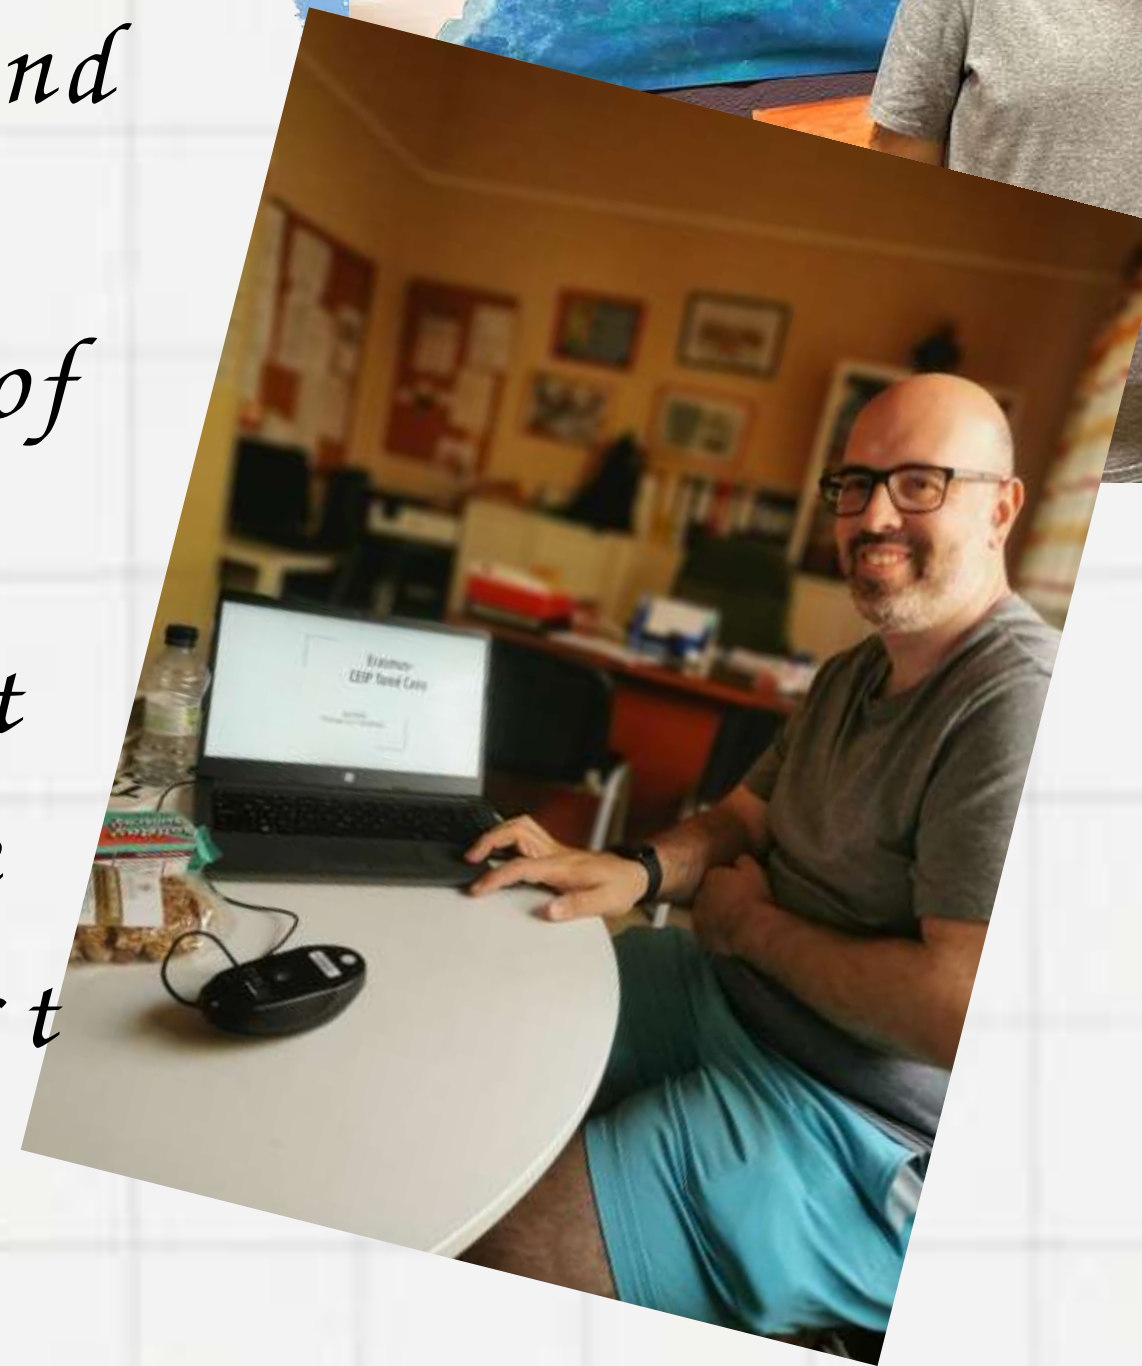

In June 2024 I had the opportunity to visit CEIP TOME CANO, a primary school in Santa Cruz de Tenerife. It was an amazing experience that helped me a lot as a teacher. I have learned and improved practical skills relevant for my current job and for my professional development!

Meeting with the Headteacher

We had the opportunity to discuss with the headteacher and the colleagues from the school about the Educational System of Spain and the Curricula of the school. We discussed also about the school management and the practices he adopts for the best results!

Funded by
the European Union

Activities

We had the opportunity to observe several lessons such as Spanish language, English, Mathematics, Robotics, Music and Geography. We discussed with the colleagues and we agreed for further collaboration and communication!

The background features a light blue grid pattern. Scattered across the grid are various hand-drawn blue scribbles, including loops, swirls, and zig-zags, giving it a playful, artistic feel.

**Thank you
very much!**
